

Rahul Kumar

Engineering Student

Hi, I am Rahul Kumar, a creative thinker, a problem solver, and a student. I am a 3rd-year B.Tech (CSE). Being a CSE student, I have gained experience in web designing. Along with it, I am a 4-star Java coder in hackerrank. I am also available on different coding platforms, such as the 2-star CodeChef, Geeks for Geeks, and leetcode. Though I didn't get any star on geeks for leetcode and code chef as I am a fresher. I have merely started this with a vision to be better in my work.

Professional Skills

- poet||story teller||lyricist
- voice over artist||video editor
- shayari||gazal||nazam
